Winner selection process

Campus winners

Participants at the various campuses will each be given 10 minutes to play the Capitec Livin' It Up game at the activation stand on tablet devices provided by Capitec. 10 players at a time will compete against the clock to see who's the fastest to reach a specified dream in the game. Out of the 10 competing at a time, the player to reach the first dream the quickest in the allocated time, will win a spot prize and be added to the leader board.

After each game of 10 players, the player with the best time will be added to the leader board. By the end of the activation day, the player with the best time of the day will be named the overall winner at that campus.

Campus winners

The top 5 players with the best times on the leader board (from all activation campuses combined), will win one of 5 grand prizes in the order of 1st prize to 5th prize. In the event where any of the top 5 players have the same time, a random draw will be done to break the tie.

The top five 5 winners will be contacted telephonically to verify their personal details and any other relevant information to ensure their eligibility to redeem the prize.
